Box Content

Licenses: these are for registering users on the application mobile. Licenses are renewed every 5 years. If you need more licenses, please contact your distributor.

Connexion

Connect the SESAME device to your M8NF control panel or KEEROLL (RJ-45 connector). The "Status" LED should be blinking green, and the "Network" LED blinking red, to show that the device must be configured.

Configuration

Once properly connected, the equipment's settings must be adjusted.

Set up WiFi connection

1. On your mobile: Settings -> WiFi & Networks -> WiFi (search: **SESAME_XXXXXXXXXX**, does not require password).

2. Configure the **SESAME_XXXXXXXXXX** connection: the settings website will automatically appear (if not, go to **192.168.4.1** on your browser).

- **2.1.** Look for your home WiFi (the signal must be **Good** or **Poor** for optimum operation) and input your home's WiFi password.
- **2.2.** Wait until the three LED are solid green, indicating that the WiFi connection has been successfully established. This operation may take a minute.

WiFi OK 

Configure SESAME in "Honoa"

Once WiFi is set up, it is possible to add the device in JCM Technologies, S.A.'s mobile application "Honoa."

If you do not have "Honoa" on your mobile, download the application.

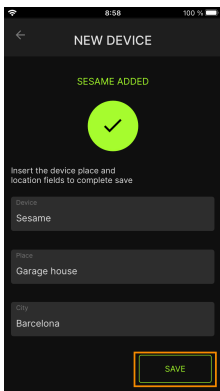

You must login to enter the app. If you do not have an account, please register.

Within the application, press "NEWDEVICE." Scan the QR code from the SESAME device or enter "ACTIVATION KEY."

Complete the information in the fields "Device" (e.g., Sesame), "Place" (e.g., Garage house), and "City" (e.g., Barcelona), and press "SAVE." The device has now been added to the application.

Licenses

Once the device has been added to the "Honoa" application, you must enter a license to be able to use it.

2 licenses are inside the box.
If you need more licenses, please contact your distributor.

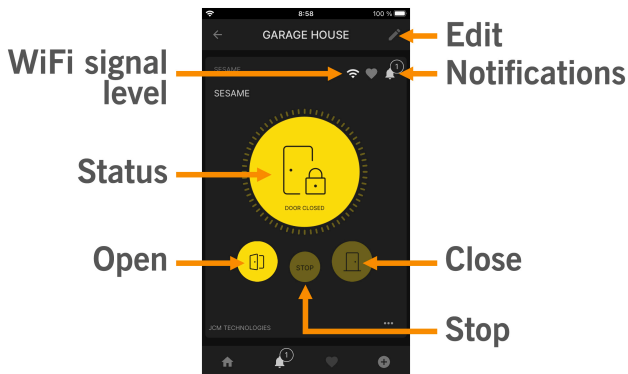

Press on "GARAGE HOUSE" (Place) and, on the SESAME device, on "LICENSE."

Scan the license's QR code or manually input the code. Press "SAVE."

Modo de funcionamiento

Maintenance

Resetting the device

Reset the device if changing the Wi-Fi network or your Wi-Fi password. To reset SESAME, press the WPS/ RESET button for 10 seconds, with the device connected. The LED "Status" will be set to green, and "Network" and "Internet" to flashing red. Stop pressing the button when "Internet" goes off and "Network" is fixed to red.
